

2016 Hunter Testimonials

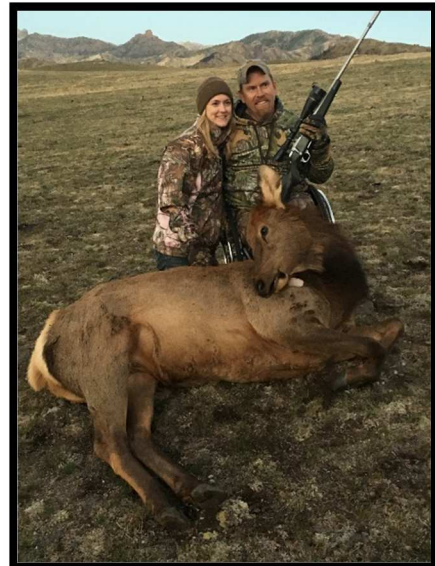

Rick McLaughlin - Oklahoma

My name is Rick McLaughlin. I hunted with WDH in 2016 for mule deer. I was born with Cerebral Palsy and as I aged also osteoarthritis and bone degeneration. WDH is a top notch group of hunters whose only goal is to help you have a hunt of your lifetime. They changed my life with this hunt because I live in Oklahoma and never thought I would get a chance for a hunt in Wyoming. Thanks!

Dennis Knox - Florida

My name is Dennis Knox, I am a complete level T2 paraplegic. I was hurt in 1993 in a motorcycle accident. I've been on many disabled hunts over the years but can't compare any to the wonderful experience with the Wyoming Disabled Hunters. The companion hunters and volunteers make this hunt the best I've ever been on. Wonderful food and the friendliest people I've ever met. Staying in the same lodge with most of the hunters made this hunt second to none. We were able to talk to everyone after their hunt for the day and it made for a great experience. And to top it all off, I was able to harvest an elk!

Alan Brackett – North Carolina

I recommend Wyoming Disabled Hunters. You will meet a lot of great people from volunteers to other hunters from all over the country. They will do their best to make sure you have a memorable experience and a great hunt. I finished my hunt early so they arranged a trip to Yellowstone Park and the Museum of the West. It was a great trip. I hope to do it again in the future. They understand your needs because it was founded by the disabled.

Nic Transtrum - Idaho

Why I love Wyoming Disabled Hunters? Simple. Who wouldn't love the camaraderie with other vets, or the hospitality of patriotic people who love to hang with vets, the fantastic food, special gifts and good times? The awesome hunting is just a bonus!!

Brian Bertrang – Wisconsin

“I am thankful for the dedication and time put into my hunt. We are so blessed to have the opportunity to be able to hunt elk. This opportunity would never be available to disabled people like me without the hard work, time and money donated to WDH. Awesome hunting experience.”

Keith Cooper – South Dakota

WDH gave me an opportunity of a lifetime. I have always dreamed of shooting a bull elk. October 6, 2016 I was able to harvest a trophy bull. I would never been able to do this without WDH, all the volunteers and Bobby Brubaker who donated his tag and land for me to hunt. The volunteers were great. The weather provided some challenges for us but Charlie & Morgan never gave up and did everything they could to make sure we safely got out hunting. WDH is a great organization and they provided me with a great hunt and memories I will always cherish. Thanks again to all who made this possible.

Matt Sather – Montana

I was born with Spina Bifida, a congenital birth defect that affected the growth of the spine and spinal cord. It hasn't slowed me down much, but going after a trophy mule deer buck with a bow has been difficult. I finally got it done with the help of the Wyoming Disabled Hunters and the guiding of Charlie. This was an amazing experience, and the hunt of a lifetime. I recommend this hunt to anyone looking for the experience of a lifetime, because it truly is. I look forward to my next hunt with WDH.
