

2017 Hunter Testimonials

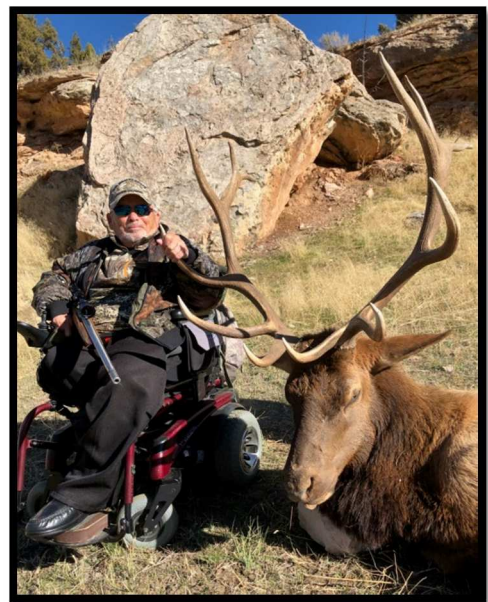

Sam Lomen - California

I don't think words can express my joy and satisfaction which I experienced while hunting with Wyoming Disabled Hunters. This was a perfect hunt. WDH made it possible for me not to worry, stress and plan the hunt of a lifetime. The hunt was awesome; hunting with Tim and Walt was an experience itself. Both are very knowledgeable and able hunters who not only helped me in taking a fine bull elk but instructed me on the best way to hunt elk. Not only was I able to take a nice trophy but we were surrounded by 500 head of elk and at least 30 bugling and grunting bulls. Thank you for the great experience and great memories, I will never forget what WDH, Tim and Walt did for me. I thank God for you all and pray that He may richly reward you all. You are doing a great work with people who otherwise would not be able to hunt and experience the great outdoors and appreciate up close God's marvelous creation.

Joe Fox Sr - California

The hunt you did was amazing and very well run. The hospitality was also very good and the food was healthy and good to eat. Thanks again for everything you did for us while we were there for the hunt.

2017

Bob Schuh – Wisconsin

My Hunt with Wyoming Disabled Hunters was a great experience. From my guide, to the cooks, to everyone involved, it couldn't have been better. The friendliness of everyone made us feel like old friends from the day we got there. Keep up the great work and don't change a thing.

*Harold, a Vietnam Veteran, myself (Joyce, his wife) and our son Jess, Wisconsin wildlife biologist, were able to make this wonderful trip in October, 2017. Harold had dreamed of being able to elk hunt in Wyoming for years and through this wonderful organization, it came true. From the moment we arrived we were treated wonderfully. Anita cooked all of our wonderful meals and it was so nice to visit with her. The guides, Matt, Terry and Larry were so great and were determined to help Harold get his elk. Terry came with his 6 wheeler UTV and said "we're going in the hills and we're going to get us a cow", and they did. Sitting on the porch visiting with another veteran's mother, we heard the shots. My heart was already racing and when they came into the yard with the elk, I could hardly contain my excitement and happiness for Harold and my gratitude to Matt and Terry. This is a wonderful organization and we're so fortunate for this opportunity to fulfill this dream. We made new friends and have stories to tell and cherish. Thanks to all. **Harold, Joice and Jess Carstens - Minnesota***

Keith Alford – Texas

2017

My name is Keith Alford and I have Fredrick's Ataxia. I was a lucky winner of the hunting draw for crossbow in Cody Wyoming with the Wyoming Disabled Hunters. This group of guys and gals was first class. My experiences at this event were ones that forever will be on my mind and the friends made will last a lifetime. I was blessed again by taking my first ever mule deer and first ever crossbow kill. But more important are all my memories. I don't know of anything that would have made the event better as for me it was perfect. Thank you to everyone who was involved.
